Panelists: Each panel (morning and afternoon) will visit each of the discussion rooms as a cohesive group over the course of the day. Please visit the groups in the order listed, and plan to stay in each group for the time allotted (allowing 1 minute to move to the next room). *Please adhere to the schedule so that all groups get equal time with the panelists.* The panels will visit their first discussion groups in the morning about 10 minutes after the groups have started, so that moderators have time to introduce themselves and go over instructions with the judges.

Discussion group moderators: This chart will give you a sense of when your group will be visited in each session. *Please remind faculty when they need to move to the next group* so all groups have equal time with panelists.
