

TENSIONS IN *DAUBERT*: PERSPECTIVES FROM THE BENCH AND BAR

March 30, 2024, 1-6PM

at the American University Washington College of Law
4300 Nebraska Ave. NW, Washington, DC 20016

REGISTER

by March 27

About The Symposium

The *Daubert* standard has changed the landscape of the legal practice in Washington, D.C. since the 2016 *Motorola, Inc. v. Murray* adoption of Federal Rule of Evidence 702. At times, courts struggle with how to implement the legal doctrine, while practitioners search for the most advantageous application thereof for their clients. This symposium will feature a panel discussion among the defense and plaintiffs' bars, as well as with several esteemed judges from the D.C. Superior Court. Discussions will address how *Daubert* can assist you in your practice, what to expect from opposing counsel, and how the Court has been affected in its role.
